"These risk-takers and innovators are the ones who create jobs and provide much-needed services for our community, creating a better quality of life for everyone. These are the leaders who are laying the foundation for a bright future of opportunity."

Randy Dellinger, District Manager – Jackson EMC and 2015 Gwinnett Chamber Board Chair - Commenting on the finalists and winners of the 2015 IMPACT Regional Business Awards

"It is because of Gwinnett Place CID's efforts and proven success in redeveloping the area that our organization chose to join the District. We are committed to the area through our investment into Satellite Place and looking forward to working with the Board of the Gwinnett Place CID to help invite change and promote the neighborhood."

"This new warehouse and office space is vital to meeting our market's demand for immediate availability of our products, as well as supporting the growth of our sales and marketing team. By expanding our operations in Gwinnett, we are reinforcing our commitment to this community, as we increase our efficiency and provide quality energy saving LED products to our customers through the U.S."

Vivian Wang, President – SELF Electronics USA

"The issue of transportation has been a major topic of study and consideration throughout the region and the state this year. Our goal was to take a snapshot of the view of the Gwinnett community on a specific issue related to the overall topic of transportation. The results will be imbedded as part of future community-wide discussions on a comprehensive approach to economic development and the transportation system we will need to support it."
