## **The Gwinnett Place Community Improvement District Awards Contracts Implementing ACTivate Gwinnett Place Master Plan**

(Duluth)— Beginning the implementation of the ACTivate Gwinnett Place master plan, the Gwinnett Place Community Improvement District (GPCID) Board of Directors awarded contracts on Wednesday to four companies: TSW, Moreland Altobelli Associates, AECOM, and Pond & Company.

“We are excited to partner with these companies in order to take greater Gwinnett Place to the next level of redevelopment as envisioned in the ACTivate Gwinnett Place master plan,” said Joe Allen, Executive Director of the Gwinnett Place CID. “We look forward to leading this next phase of redevelopment planning for the area.”

Unveiled in July, the ACTivate Gwinnett Place master plan charts a path for redevelopment of Gwinnett’s central business district. The plan proposes several bold infrastructure investments including a grand promenade trail network, connectivity to McDaniel Farm Park, roadway improvements, pedestrian enhancements and storm water management solutions.

Following a competitive selection process, the follow companies were awarded contracts by the GPCID Board:

TSW will conduct a feasibility and scoping study for enhancing connectivity to McDaniel Farm Park from the Gwinnett Place area.

Moreland Altobelli Associates will provide professional design services for streetscape enhancements along portions of Satellite Boulevard and Pleasant Hill Road in the CID.

AECOM was selected to complete a feasibility and scoping study for potential intersection improvements at Pleasant Hill Road and Satellite Boulevard.

Pond & Company will provide professional design services for improvements along Gwinnett Place Drive and Mall Boulevard.
