

## Jock Connell

Gwinnett County Administrator

A UGA graduate and pursuing his Master's in Public Administration, Jock Connell's public career is impressive. Having worked his way through the ranks in Gwinnett County Government since 1986 and accepting his current non-elected position in 2005, he has the hands on experience to be a very effective and trusted leader. He is known as the "go to person" that coordinates the day to day operations of Gwinnett, as well as sitting on several non-profit boards. Mr. Connell is credited with having the vision and talent to make the big picture ideas come to life, all the while balancing the political tightrope. No easy task in a County of more than 750,000, but with his knowledge and poise our County Administrator accomplishes it nicely.

## Brett Harrell

## Joe Allen

## Chuck Warbington

As Executive Directors of their respective Community Improvement Districts (CID) their accomplishments could stand on their own. Collectively, these three men are blazing the redevelopment trail that is so vital to our County. Charged with overseeing the revitalization of a CID is no easy task, but the rewards of making such a contribution that benefit so many is obvious. Reclaiming declining or aging areas of Gwinnett is a must for our success in the future and these gentlemen have accepted the challenge and have quite a grasp on how to accomplish it.
