Gwinnett Place Community Improvement District Needs Your Opinion for Transportation Survey

Posted @ Oct. 21 2011 05:02AM by Ray - [in print](#)

Are you tired of sitting in traffic?

Where are the greatest needs for transportation improvements in the center of Gwinnett County? What alternatives would you like to see during the next decade? The Gwinnett Place Community Improvement District (CID) needs your input on an important survey regarding future transportation improvements. The survey takes 10 minutes or less, but your input is key to helping the CID plan for the future. Let us know your thoughts on existing travel conditions and potential future options for transportation enhancements.

Tell us what you think... [Click here to take the survey.](#)
